

## Condescend

Low

To a point  
you will fail,  
so I'll condescend.

Without doubt  
you will fail,  
then I'll condescend.

At a point  
I will fail,  
still I condescend.

To a point  
you will fail,  
so I'll condescend--  
then I'll condescend--  
still I condescend
