

Dinosaur Act

Low

You and your daughter
And your father flew airplanes
You and your sister
Can tell by the back of her hands

It was a dinosaur act, dinosaur act
Dinosaur act, dinosaur act

And after expenses
And pulling up fences no more airplanes
And putting your foot down
A nail shot up like a bright red snowflake

Just like a dinosaur act, dinosaur act
Dinosaur act, dinosaur act, dinosaur

And all through the dust
You feel that you must hear the strings of a dove

But it's a dinosaur act, dinosaur act
Dinosaur act, dinosaur act, dinosaur
