

Hatchet

Low

You'll be my Charlie
And can be your George
Let's bury the hatchet
Like the Beatles and the Stones

They'll play our songs forever
On the radio
Let's bury the hatchet
Like the Beatles
The Beatles and the Stones

I know you got a thing
For ordinary guys
But I've heard your records
And they sound a lot like mine

So you'll be my Mary-Ann
And I'll be your Yoko
Let's bury the hatchet
Like the Beatles
The Beatles and the Stones

Like the Beatles
The Beatles and the Stones
