

## In the Drugs

Low

was a child  
I was on fire  
But I stayed alive  
While all else died

I held my breath  
What could I say  
And I closed my eyes  
Like Marvin Gaye

But now I've had enough  
It's in the drugs  
It's in the drugs  
It's in the drugs, ahhh  
It's in the drugs

You had your plan  
A heavy hand  
But the weight was more  
Than you could stand

Breaking like dolls  
Singing like birds  
We always get  
What we deserve

But now I've had enough  
It's in the drugs  
It's in the drugs  
It's in the drugs, ahhh  
It's in the drugs  
It's in the drugs
