

## July

Low

Wait it's late we've missed the date  
Gone I guess with the rest

They'll never wake us in time  
They'll never wake us in time  
Maybe we'll wait 'til July

Now at last I hear them pass  
Gone I guess with the rest

They'll never wake us in time  
They'll never wake us in time  
Maybe we'll wait 'til July  
Then August  
September  
October  
November  
Or December
