

# Monkey

Low

Oh my my  
Little white lies  
I swear I'm gonna make it right  
This time  
It's not the radio  
Turn it way down low  
Telling me things I do not know I know

Tonight you will be mine  
Tonight the monkey dies  
Tonight you will be mine  
Tonight the monkey dies

Now who's to blame  
You used to be the same  
Now you won't let me speak your name  
What a shame  
It's a suicide  
Shut up and drive  
We're never going to make the light  
But it's all right

Tonight you will be mine  
Tonight the monkey dies  
Tonight you will be mine  
Tonight the monkey dies

(repeat chorus)
