(That's How You Sing) Amazing Grace

Low

I knew this girl when I was young She took her spikes from everyone One night she swallowed up the lake That's how you sing amazing grace

Amazing grace Amazing grace

It sounds like razors in my ears
That bell's been ringing now for years
Someday I'll give it all away
That's how you sing amazing grace

Oh, can you hear that sweet, sweet sound? Yeah, I was lost but now I'm found Sometimes there's nothing left to save That's how you sing amazing grace

Amazing grace
Amazing grace
Amazing grace
That's how you sing amazing grace
