

Venus

Low

Venus

I can hardly see ya

Venus

I can hardly see ya

You're fed up with your friends

You're fed up with the end

You're fed up with the make-up

Make-up

Venus

Have you ever seen us?

Venus

Have you ever seen us?

You're fed up with your friends

You're fed up with the end

You're fed up with the make-up

Make-up

Have you seen my dreams?

They're the same as yours it seems

Venus

I can hardly see ya

Venus

Oh

I can hardly see ya

See ya
