

When I Go Deaf

Low

When i go deaf
I won't even mind
Yeah i'll be alright
I'll be just fine

I'll stay out all night
Looking at the sky
I'll still have my sight
Yeah, i'll still have my eyes

We will make love
Won't have to fight
Won't have to speak
And we won't have to lie

And i'll stop writing songs
Stop scratching out lines
I won't have to fade
And it won't have to rhyme

When i go deaf
When i go deaf
When i go deaf
When i go deaf...
