

Addicted To Oi!

Lower Class Brats

You know, everyone we know
They all have their own drug
Mine just happens to be punk music
And drinkin' at the Pub

[Chorus:]
'cause I, I, I,
I'm addicted to Oi!
I'm addicted to it

With it I leave my troubles behind
My problems are all gone
I just scream & shout with my mates
And Pogo all night long

If you think you can handle this
Come with us you've made a friend
'cause we're the youth & these are the streets
And it will never end
