

My friends brother  
Is almost seventeen  
And can't be trusted with his own set of house keys  
Because he keeps losing them  
Went out with friends wakes his mum up knocking on the door at  
3am  
He says

I need a key  
Believe in me  
I'm mature  
I'll lock the door  
If you can trust me more  
I might get locked out

He stole his mums set out of her jacket  
Biked it into town to get a key cut  
But he lost them  
Grounded for 3 months  
He's got some growing up to do if you ask me  
Dad wants to kick him out asap  
(He disagrees)

I need a key  
Believe in me  
I'm mature now

I need a key  
Believe in me  
I'm mature now  
I'll lock the door  
If you can trust me more  
I might get locked out
