

I Don't Want to Be Here Anymore

Lower Than Atlantis

The road is cruel, it's true
I've been living life inside my head with no one to turn to
Now it's too late and I'm too far gone
Goodbye, I'm sorry, mom
Where did I go wrong?

This feeling won't leave me
I'm leaving this evening
I'm tired of pretending
Decided to end it
And if all you need to know is that I'm fine
Maybe I'll lie to save some time
But I wish I was never born
And I don't want to be here anymore

The road is cold, I know
I've been lost in life and I can't find a warm place to call home
As days pass, some things change
But one thing stays the same
One thing still remains

This feeling won't leave me
I'm leaving this evening
I'm tired of pretending
Decided to end it
And if all you need to know is that I'm fine
Maybe I'll lie to save some time
But I wish I was never born
And I don't want to be here anymore

This feeling won't leave me
I'm leaving this evening
I'm tired of pretending
Decided to end it
This feeling won't leave me
I'm leaving this evening
I'm tired of pretending
Decided to end it
And if all you need to know is that I'm fine
Maybe I'll lie to save some time
But I wish I was never born
And I don't want to be here anymore
