

Oh, what a shame that this almost went to waste  
But I think some things are meant to be  
For me and the boys, evidently  
So listen up, you in the record store  
You shouldn't struggle to find us anymore  
Now that we're being showcased  
Things are going great these days

Do you remember us four from sleeping on your floor?  
White van, beer cans, big plans and the want for being more  
Our ethos has stayed from pub floors to the stage  
We nearly gave it up but luckily enough our hard work payed

Oh, what a shame that this almost went to waste  
But I think some things are meant to be  
For me and the boys, evidently  
So listen up, you in the record store  
You shouldn't struggle to find us anymore  
Now that we're being showcased  
Things are going great these days

Our friends have moved on  
But we're still playing songs  
Our situation's changed, the message stayed the same  
Throughout it all, ambitions strong

We wouldn't be where we are now if we'd have thrown in the towel  
You can do anything in life if you put in the time and try, try, try

Oh, what a shame that this almost went to waste  
But I think some things are meant to be  
For me and the boys, evidently  
So listen up, you in the record store  
You shouldn't struggle to find us anymore  
Now that we're being showcased  
Things are going great these days

I don't want to be another speck of dust on a magazine  
I hope our art is preserved in alcohol for eternity  
I promise that we will never take this opportunity for granted  
If it all ended tomorrow, where would we be?

Oh, what a shame that this almost went to waste  
But I think some things are meant to be  
For me and the boys, evidently  
So listen up, you in the record store  
You shouldn't struggle to find us anymore  
Now that we're being showcased  
Things are going great these days
