

The Juggernaut

Lower Than Atlantis

Cries from the mouths of the dumb
When the blind see the deaf hear the silence when we step on your lawn
Knocking on the door shouting "Let's have some fun"

Invitation only
We only catered for family and friends
But you're staying up way past my bedtime
Drinking beer and seeking cheap thrills uninvited

Put 'em up, I am the Juggernaut
Get fucked and break a window or something

Here come the neighbours!

We've been wanting a party for far too long
The clubs and the bars have lost appeal (it's 4:00am, we're still going strong)
Crack open your Dad's best bottle of wine
What DVDs have you got for me to steal?

Yeah

Grab your coat because you've pulled
Me and the lads will get a cab
We started this Saturday night extravaganza
So we'll end it with a bang
