

# Salvation

LP

When you arrived at my door I didn't recognize  
My salvation  
And the light on the shore, it was in your eyes  
My salvation

And all I really wanted to do  
Was make love to you  
And retreat into my isolation

Salvation, salvation

I was cold and afraid, so I locked you out  
By temptation  
And the kiss that you gave couldn't tie me down  
I just take them

And all you really wanted to do  
Was to lead me through  
All my loneliness and desperation

Salvation, salvation

And I can feel now  
And I can feel now  
Yeah, love is real now  
Yeah, love is real now

Salvation

Salvation, salvation, salvation, salvation  
Salvation, salvation, salvation, salvation
