

## Just Friends

LSG

Girl you know we're just friends, yeah  
Ghetto pop  
She's nothin' but a friend, L  
Just friends, just friends, just friends

Now let me tell you 'bout the other day  
Met this girl from around the way  
She said that she's been checkin' me  
She let me know she wanna get with me

I told her that I had a girl  
But she said that she didn't care  
Now tell me what the hell am I supposed to do  
She's built like Haile and she's livin' like Lu too

It didn't start out that way  
But now we're on the phone almost every day  
Then it's a rendezvous for me and you  
I'm tellin' my girl I'm workin' late

Just don't let it get outta hand  
'Cause I could never ever be your man  
If we go too far I'll break your heart  
So girl, you know that we can just be

Friends, how many of us have them  
Friends, a lover that we can depend on  
Friends, before we go any further  
You know that I got my lady at home  
And you're faced with the reality that we're only just friends

We agreed to keep it on the low  
I can't let nobody know  
So I guess by now you know I had to get it  
I can't front, I might as well admit it

The sad thing is I know I'm wrong  
This fly girl she turned me on  
I don't know, I guess it's just the dirty dog in me  
Her love is so good it just be calling, calling me

It didn't start out that way  
But now we're on the phone almost every day  
Then it's a rendezvous for me and you  
Tellin' my girl I'm workin' late

Just don't let it get outta hand  
'Cause I could never ever be your man  
If we go too far I'll break your heart  
So girl, you know that we can just be

Friends, how many of us have them  
Friends, a lover that we can depend on  
Friends, before we go any further  
You know that I got my lady at home  
And I'm sorry, sorry

No I can't see you on my birthday  
No I can't see you on my holidays  
I know this sounds harsh to you  
But this is just the way we gotta do

#### F R I E N D S
