

Shake Down

LSG

This is a shakedown
Oh yeah
Oh oh
(All over your body)
(All over your body)
Sweat, come on

Knock knock it's me
I'm at the door open up I'm ready
(I'm ready to serve you)
Cause you been holding out on me
I got a warrant for you reach and seize
(All over your body)
Oh, and please believe
I got my handcuffs with me
And I'm ready to use them
You're #1 on my most wanted list
So baby come and get your punishment
(Freeze) freeze this is a

Shakedown all the way down
All over your body
All over your body
Put your hands up
Spread your legs out
Shakedown, shakedown

JG sing
You're coming with me
You can come quiet or make all the noise you need
(Scream, shout)
You're staying overnight
You can't bail out unless you're acting like I like
(Let me read your rights)
You got the right to remain silent
You caught your case and you can't fight it
So you might as well ride it and ride it until you drop

I'm gonna shake you down

We the jury of LSG
Find you guilty and we're gonna make you scream (make you scream, yeah)
So be a good girl and come with me
Do your time for the night and we'll set you free

Just the way you like it baby
Just the way you need it baby
Said all over your body baby
Hands up
Said can you feel me, can you feel me
