

## To Magic Horizons

Luca Turilli

Welcome to shadow world far under northern skies  
Mountains and raging seas, valleys and icy winds  
Inter futmina et in tenebris  
Mihi horror membra percipit  
Quantum mortalia pectora  
Tora caecae noctis habent  
Domine, domine, domine, domine  
Gloria, gloria, gloria perperua  
Glory and majesty, triumph and victory  
Legends and epic tales born between these dark lakes  
For you a new one written with black blood...
