

## All The Same To Me

Lucero

Well I know  
It won't last long  
It's all the same to me  
'Cause when you try and make it stay  
That's when it surely slips away  
From the start  
It came from my heart

It's all the same to me  
From the start  
It fell apart  
It's all the same to me  
'Cause when you try and make it stay  
That's when it surely slips away
