Try to give me whatever I want, too  
If you love me so  
Find a shell for me  
From the deepest sea  
Plant it in the row  
If you love me so

Try to draw two hearts on a wall for me  
If you love me so  
Our names manifold  
Crossed by white arrows  
Everywhere I go  
If you love me so

Then ask the wind  
Blowing in spring  
How to get there  
How to find a way  
To garden of my soul  
To garden of my dreams

Ask the stars  
All around us  
How to get there  
Not to leave the path  
To garden of my heart

Try to catch the wind blowing around us  
If you love me so  
Try to find the ball  
Lost once when I was four  
If you love me so  
Try to find that ball

Try to find another world for people  
If you love me so  
World of piece and love  
Where the children laugh  
If you love me so  
Try to find this world

You can ask the wind  
Blowing in spring  
How to get ther  
How to find a way  
To garden of my soul  
To garden of my dreams

Ask the stars  
Shining above  
How to get there  
Not to leave the path  
To garden of my heart

Ask the wind  
Blowing in spring  
How to get there  
How to find a way  
To garden of my soul  
To garden of my dreams

Ask the stars  
Shining above  
How to get there  
Not to leave the path  
To garden of my heart
