Letterbox is full of mail
Phone is ringing endlessly
Usual start of brand new day
Lots of things to catch up with
In the morning
There're plenty things to cope with and get through
Wonder if you really like me
'cos you don't care for what I do

I am in the limelight
Can't you see
I am in the limelight
It's true
I am in the limelight
Tell me why
Everyone can see me
But you

Don digi don.....
Don digi don...

In the evening I'm on stage
Strangers' faces watching me
I am acting in your plays
Wonder if you noticed me
Every day is so tiring but I love
the things I do
So why you cannot understand it
I am singing this song just for you

I am in the limelight
Can't you see
I am in the limelight
It's true
I am in the limelight
Tell me why
Everyone can see me
But you
I am in the limelight...
Can't you see
I am in the limelight
It's true
I am in the limelight
Don digi don...
Don digi don.....

I am in the limelight.....
Can't you see
I am in the limelight
It's true
I am in the limelight
Tell me why
Everyone can see me
But you

I am in the limelight
Can't you see
I am in the limelight
It's true
I am in the limelight
Tell me why
Everyone can see me
But you
I am in the limelight
Can't you see
