

Foolishness

Lucinda Williams

All of these foolishness in my life
All of these foolishness in my life
That means that what I do in my time
Is none of your business, all are mine

All of these foolishness
All of these foolishness in my life
All of you liars in my life
All of your liars in my life

Don't need you to talk all trash you want
But I know the truth even if you don't

All of you liars in my life
All of your liars in my life
No one of your path in the sky
No one of your path in the sky

Don't need that
Don't matter how you go or where
I ain't gonna ball on you anymore

No one of your path in the sky
No one of your path in the sky
None of your fears [?] in my life
None of your fears [?] in my life

You can try to scare me down
But I know I will stand up

None of your fears [?] in my life
None of your fears [?] in my life
All of these foolishness
All of these foolishness in my life

What I do in my time
Is none of your business, all are mine

All of these foolishness
All of these foolishness in my life
All of these foolishness
All of your liars
All they talk about
Are you feel mongers

I don't need your liars
I don't need to feel you
All of these foolishness
All of these foolishness

Is nothing but foolishness
Is nothing but foolishness
Is nothing but foolishness
Is nothing but foolishness
Is nothing but your foolishness
Is nothing but your foolishness
