

Like a Rose

Lucinda Williams

It's okay, you don't have to be afraid
There's nothin' to worry about
'Cuz we got it made

It's just a simple matter of
Lettin' me into your love
If you let that feelin' come over you
Than there's nothin' more that you can do
Just let it go
Let it go

If it's love you want
Hold out your arms
It's alright here
It's safe and warm

It's okay to feel good
That's the way it should be
Everything we have is fresh and new
I will open myself up to you
Like a rose
Like a rose

Everything we have is fresh and new
I will open myself up to you
Like a rose
Like a rose
