

Walk On

Lucinda Williams

Walk on
Come on girl, walk on
Walk on
Come on girl, walk on

You got the world in the palm of your hand
You gotta make 'em understand
That you're the lead singer in the band
So walk on
Come on girl, walk on

They don't make em any sweeter than you
Anyone can tell that's true
So you do what you gotta do
And walk on
Come on girl, walk on

I know you're fighting an uphill battle
But you'll win with a little struggle
Cause you're really not that fragile
So walk on
Come on girl, walk on

I know you can be the best
You can run ahead of all the rest
Yeah, I know you can pass the test
So walk on
Come on girl, walk on

Life is full of heartbreak
But it's never more than you can take
It's nothing you can't shake a stick at
So walk on
Come on girl, walk on

People gonna treat you unkind
But you don't pay em any mind
And I am here to remind you
To walk on
Come on girl, walk on
Yeah, walk on
Come on girl, walk on

Come on girl [x6]
