

# Walk On

Lucinda Williams

Walk on  
Come on girl, walk on  
Walk on  
Come on girl, walk on

You got the world in the palm of your hand  
You gotta make 'em understand  
That you're the lead singer in the band  
So walk on  
Come on girl, walk on

They don't make em any sweeter than you  
Anyone can tell that's true  
So you do what you gotta do  
And walk on  
Come on girl, walk on

I know you're fighting an uphill battle  
But you'll win with a little struggle  
Cause you're really not that fragile  
So walk on  
Come on girl, walk on

I know you can be the best  
You can run ahead of all the rest  
Yeah, I know you can pass the test  
So walk on  
Come on girl, walk on

Life is full of heartbreak  
But it's never more than you can take  
It's nothing you can't shake a stick at  
So walk on  
Come on girl, walk on

People gonna treat you unkind  
But you don't pay em any mind  
And I am here to remind you  
To walk on  
Come on girl, walk on  
Yeah, walk on  
Come on girl, walk on
