Lucky Boys Confusion

I'm gonna steal your girlfriend
I went to my boys house I met his sister
I knew right then I had to get with her
She had a boyfriend he wasn't worthy
His friends all say he's a wannabe junkie
I know that this might be wrong but...
I'm gonna steal your girlfriend
I know I will steal your girlfriend
I don't really know her; her boyfriend's richer
But I find her smile so irresistible
She's a little younger, but I like that
Her brother thinks that I got a chance
We call her the gank queen
And I can deal with her mood swings
She thinks animal are vibrating
It's just a stupid piece of technology
I know this'll be a big challenge but
I'm gonna steal your girlfriend
I'm gonna steal your bitch
