

Crazy World

Lucky Dube

So far so good we still living today
But we don't know what tomorrow brings
In this crazy world people dying like flies every day
You read about it in the news but you don't believe it

You'll only know about it
When the man in the long black coat
Knocks on your door
'Cause you're his next victim
As you are living in this

Living in, living in this crazy world
Living in, living in this crazy world
Living in, living in this crazy world
Living in, living in this crazy world

Leaders starting wars every time
They want some for their rights
Some for fun and their own glory
Letting people die for the wrong that they do

Oh it's painful come on now little boy
Say your prayers before you sleep
Little boy went down on his knees
And he said

"Oh Lord, now I lay me down to sleep
I pray the Lord my soul to keep
And if I die before I wake
I pray the Lord my soul to take"

'Cause he's living in this crazy world
Oh Lord

Living in, living in this crazy world
Living in, living in this crazy world
Living in, living in this crazy world
Living in, living in this crazy world

Living in, living in this crazy world
Living in, living in this crazy world
Living in, living in this crazy world
Living in, living in this crazy world
