

Bless Myself

Lucy Hale

1. There's a little secret
I would like to tell you
There's a book of lies
I know they'll try to sell you
And they'll try, and they'll try
To convince you to buy you need 'em
So the next time you're down
Look inside not around.

R: I can bless myself
There's no need for someone's help
There's no one to blame
There's no one to save you but yourself
I can justify all the mistakes in my life
It's taught me to be, it's givin' me me
And I'll survive
'Cause I have blessed myself.

2. I have searched the world to find
There's nothing better
Than when me, myself and I
Can come together
And I know for a fact
There's a spirit I lack or defend
Yeah I've been through it all
Just to find in the end

R: I can bless myself...

*: Do you ever wonder
How anything can make you cry
Have yourself discover
That the pain you feel
Is the pain that you deny in your llllll-iiife
So open up your eee-eee-eyes

R2: You can bless yourself
There's no need for someone else
There's no one to blame
There's no one to save you but yourself
I can bless myself
There's no need for someone's help
There's no one to blame
There's no one to save you but yourself
I can justify all the mistakes in my life
It's taught me to be, it's givin' me me
And I'll survive
'Cause I have blessed myself.
oooooooo-oooooh
La La La La La
La La La La La
I will survive
'Cause I have blessed myself.
