

You Sound Good to Me

Lucy Hale

Full moon is shining like a spotlight,
Yeah, I could just sit and listen to you talking all night.
When you whisper, yeah, baby, when you lean in.
Yeah, I get a crazy, crazy good kinda felling.

It's like:
Amen, from the back of the choir,
Sweet home of freedom underneath the tires.
Kick back sitting by a crackling fire,
Strumming them guitar strings.

And like:
An old song on the radio,
That you grew up too and everybody knows.
Pushing through the water when the river rose,
Winding, wild and free.
Baby, You Sound Good To Me.
Baby, You Sound So Good To Me.
Mmmh, Mmmh, Mmmh, like a melody.
Baby, You Sound Good To Me.
Tell me all of your stories,
And don't you leave nothing out 'cause, baby,
I ain't in a hurry.
Every little thing you say
got a real nice ring to it.
The way it rolls off your lips,
And, oh, when you give me that kiss.

It's like:
Amen, from the back of the choir,
Sweet home of freedom underneath the tires.
Kick back sitting by a crackling fire,
Strumming them guitar strings.

And like:
An old song on the radio,
That you grew up too and everybody knows.
Pushing through the water when the river rose,
Winding, wild and free.
Baby, You Sound Good To Me.
Baby, You Sound So Good To Me.
Mmmh, Mmmh, Mmmh, like a melody.
Baby, You Sound Good To Me.
Baby, You Sound Good To Me.
Baby, You Sound So Good To Me.
Mmmh, Mmmh, Mmmh, like a melody.
Baby, Mmmmm...

Like:
An amen, from the back of the choir,
Sweet home of freedom underneath the tires.
Kick back sitting by a crackling fire,
Strumming them guitar strings.

And like:
An old song on the radio,
That you grew up too and everybody knows.

Pushing through the water when the river rose,
Winding, wild and free.
Baby, You Sound Good To Me.
Baby, You Sound So Good To Me.
Mmmh, Mmmh, Mmmh, like a melody.
Baby, You Sound Good...
Baby, You Sound Good To Me.
Baby, You Sound So Good To Me.
Mmmh, Mmmh, Mmmh, like a melody.
Baby, You Sound Good.
Baby, You Sound Good To Me.
Baby, You Sound So Good To Me.
Mmmh, Mmmh, Mmmh, like a melody.
Baby, You Sound Good To Me..
