

# Trippin'

Lucy Pearl

I said I'm not trippin'  
'Cause you were out slipping  
And now I'm out dipping  
Don't knock on my door

I said I'm not trippin'  
No I'm not complaining  
'Cause you were out slipping  
Just don't knock on my door  
I said I

Well, I'm knocking at your door, baby  
Knowing that you feel bad  
Because you caught me cheating  
You see I feel bad

But I'm coming over early in the morning  
I'm gonna be on my knees begging  
Apologizing to you, baby  
'Cause you're so sweet to me

I said I'm not trippin'  
'Cause you were out slipping  
And now I'm out dipping  
Don't knock on my door

I said I'm not trippin'  
No I'm not complaining  
'Cause you were out slipping  
Just don't knock on my door  
I said I

There's been so many times  
When you were seen by friends of mine  
They've done, seen everything  
That you doin'

Now it's killing me  
Because you're someone else's baby  
That's just fine, 'cause now I got me  
A piece of mind

I said I'm not trippin'  
'Cause you were out slipping  
And now I'm out dipping  
Don't knock on my door

I said I'm not trippin'  
No I'm not complaining  
'Cause you were out slipping  
Just don't knock on my door  
I said I

Stay away from my door come no more  
Stay away from my door come no more  
Stay away from my door come no more  
Stay away from my door come no more
