# Gravity

**Lucy Schwartz**

When I walk I touch the sky
I feel ten feet tall
And I know why

It's everywhere
It's in your eyes
The secret that we can defy

Gravity
Ooh, La dada dada da
Gravity
Ooh, La dada dada da

You helped me grow
Now you gotta let me go
Cause I have learned to fly on my own

And it's gonna be
Pulling on my heart and soul
But I can't go back now that I know

Gravity
Ooh, La dada dada da
Gravity
Ooh, La dada dada da

Falling upwards
Catch me if you can
One step forward
Here we go again

Gravity
Ooh, La dada dada da
Can't bring me down

Gravity
Ooh, La dada dada da
Can't bring me down

Gravity
Ooh, La dada dada da
Can't bring me down

Gravity
Ooh, La dada dada da
Can't bring me down

When I walk I touch the sky
Mmmmmm mmmmmm mmmmmm...
