

# I Don't Know A Thing

Lucy Schwartz

Funny faces line up quick to catch a glimpse  
Of a world that's drenched in darkness from a solar  
Eclipse  
The only thing that I know  
Only thing I know is  
I don't know a thing  
The sky is blue, the valley low, the river wide  
These simple things I've learned don't give a clue to  
Answer why  
The only thing that I know  
Only thing I know is  
I don't know a thing  
Ooh, ooh  
When it all comes down to it  
What's the use in knowing all the answers  
And I can't breathe with you watching over me  
So why don't we wait and see where we're going  
While writing this song I had to put the pencil down  
And the chords became a silence that was deeper than a

Sound  
The only thing that I know  
Only thing I know is  
I don't know a thing  
The sun will rise again as time and time it does  
And I will stand here looking at it exactly as I was  
Knowing the only thing that I know  
Only thing I know is  
I don't know a thing  
Ooh, ooh  
When it all comes down to it  
What's the use in knowing all the answers  
And I can't breathe with you watching over me  
So why don't we wait and see where we're going  
On and on but we don't know where  
On and on but we don't know why  
On and on but we don't know where  
Where are we going?
