

Coming Down

Lucy Spraggan

I was the person that you loved,
And out of all the things you I wish I could be,
I closed my eyes until I'd lost,
My greatest love not just the rush you gave to me,
Need becomes a want I can't contain,
I forgot it's you who used to fill my veins now,

I'm so high,
I'm not coming down from this,
I'm so high,
I'm not coming down from this,

I was the cause of this disease,
I am just a selfish person
I will lie I will deceive,
I craved the texture of your skin,
I replace you with a memory,
A fondness I breathe in,
Need becomes a want I can't contain,
I forgot it's you who used to fill my veins now,

I'm so high,
I'm not coming down from this,
I'm so high,
I'm not coming down from

This I will not hide with my mistakes,
I will deviate away from you,
You will recognise I'm not ashamed,
I am stronger than the ugly parts of you,
I'm so high,

I'm not coming down from this,
I'm so high,
I'm not coming down from,
I'm so high,
I'm not coming down from this,
I'm so high,
I'm not coming down from this.
