

# Rest of My Life

Ludacris

If you live for something, you're not alone, my friend  
So fill up your cup and, lift your lighter, and toast to life

They say what don't kill me, can make me stronger  
So two drinks a night should help me live longer  
I blow some smoke just to give my lungs a test  
Because why tip-toe through life, to arrive safely at death  
I'm on a journey, yeah, i'm on a roll  
Sometimes gotta close my eyes, just to open my soul  
And tonight is the night, I gotta feeling that i'm about act a fool  
So if you go fix some drinks me and usher are about to break some rules

That's somewhere to go but the world is moving slow  
I was born for the best life  
I go for broke, a lesson I can't afford  
But for what it's worth i'm ready to play for the rest of my life  
For the rest of my life

Na na hey, oh  
Na na hey, oh  
Na na hey, oh  
Na na hey, for the rest of my life

If I got one life to live, i'mma party til i'm dead  
What the hell is a life worth living if it's not on the edge  
Tryna keep my balance i'm twisted so just in case I fall  
Written on my tombstone should say women, weed and alcohol

That's somewhere to go but the world is moving slow  
I was born for the best life  
I go for broke, a lesson I can't afford  
But for what it's worth i'm ready to play for the rest of my life  
For the rest of my life

Na na hey, oh  
Na na hey, oh  
Na na hey, oh  
Na na hey, for the rest of my life

If you live for something, you're not alone, my friend  
So fill up your cup and, lift your lighter, and toast to life

I'm stuck in this moment, freeze the hands of time  
Cause I feel inner peace when i'm outta my mind  
And you can call me crazy but I like to roll the dice  
So i'm willing to bet that i'mma be crazy for the rest of my life

For the rest of my life  
For the rest of my life
