A man is many things Let's count them all tonight You're letting go of strings Replacing them with light

But I want the hit about the teenage take on pain There's nothing catchy about the life of a saint But with this song in my head It's breaking me down to tears

If I scream, scream, scream
About a good man's life
Would you ever stop and listen
Would you open up your eyes

Would you scream with me Sing it sad and sweet Say goodnight, goodbye, love In the morning you will see

Photos keep you close With increments of light The quiet wooden posts The county's cold tonight

But I want the hit about the teenage take on pain There's nothing catchy about the life of a saint But with this song in my head It's breaking me down to tears

If I scream, scream, scream About a good man's life Would you ever stop and listen Would you open up your eyes

Would you scream with me
Sing it sad and sweet
Say goodnight, goodbye, love
In the morning you will see
I'd rip my eyes out for you[Incomprehensible]

You're screaming at the cold I pull you close You're asking why It's so dark tonight I don't know why

If I scream, scream, scream
About a good man's life
Would you ever stop and listen
Would you open up your eyes

Would you scream with me Sing it sad and sweet Would it make you cry, love Would you finally see That all your lives are moments All your words and closeness Keep you here and human Whispering tonight

All your lives are moments
(So we scream)
All your words and closeness
(And see as far as)
Keep you here and human
(While they stand and stare)
Do you think they'll ever care
I don't care, I don't care
