

"I'm the greatest, I'm the king..."

Mike Mike Mike Mike Mike Mike Tyson

Mike Mike Mike Mike Tyson!

Punchin' on his right and punchin' on his left

Punchin' in your face, no blow below the belt

First round you're crawling on the ground

Mike Mike Tyson Tyson

Sweeping the nation with that deadly move

Punchin' on the front line, prime time T.V. groove

You'll dance, you'll jump, you'll twist to the sound

With Mike Mike Mike Tyson

"I'm the greatest, I'm the king..."

Fast movin' boy, he's punchin' to destroy

Just face it out, he's going for the knock out

Blood all over the ring, he'll down you in a swing

Mike Mike Tyson

"I'm the king..."

I can see the light and I can see the way

I can move tonight and get carried away

Everybody kneels before the king, the crown

Mike Mike Tyson Tyson

Left hook, right hook, can you take it all

Your nose glued to his gloves, you'll creep and then you'll crawl

Can't you hear the crowd, shoutin' out loud

With Mike Mike Mike Tyson

First blow is half the battle

The second one a one way ticket to heaven

Punch punch punchin' in and on

Mike Mike Tyson Tyson

Pumpin' love into another challenger's head

Keepin' on the footwork 'til they all drop dead

No one's strong enough, to bring down the champ

Mike Mike Mike Tyson
