

Gypsy Music

Luka Bloom

All the old walls are tumbling down
Bringing us freedom for moving around
Coming and going, doing no wrong
Dancing and singing to the gypsy song

I want to sing in Riga, Krakow and Prague
Me and my guitar, and a little Irish flag
Ljubljana sounds like a city of grace
They tell me Budapest is a beautiful place

They tell me Budapest is a beautiful town
I'll find a room to sing there, put my name down
I sing about an island on the Western shore
I tell them all to come, come in the front door
Bring in Bulgaria, Romania too
Bring your gypsy music, and we'll never get blue

Bring your gypsy music
Bring your gypsy song
Bring your gypsy music
We'll be singing along

Bring your gypsy music
Bring your gypsy song
Bring your gypsy music
We'll be singing along
