

# Lily In The Garden

Luka Bloom

I lie under the sky  
Dive into the sea  
I live in the forest  
Under the palm tree  
I wake up every morning  
Birds sing to me  
Somewhere in the distance  
Is my friend, my friend Lily

Lily paints in the garden  
Word pictures of the mind  
About her sea kingdoms  
And the preciousness of time

Lily in the garden  
Do as you do  
Lily in the garden  
You ring true

Her footsteps in the garden  
Leave an imprint in the grass  
Each step forward  
Is an imprint to the past  
She'll go into the world  
She'll be going soon  
She'll tell us all she learned  
In her mother's womb

Lily in the garden  
Do as you do  
Lily in the garden  
You ring true
