

## Little Boy

Luka Bloom

The ice is breaking at last on the water  
I'm so taken with it all by the lakeside  
Still that burning's inside

Like a little boy  
Little boy  
Little boy in my heart  
Little boy  
Little boy in my heart  
Bring me over to your side  
We'll run in the woods for awhile  
Little boy  
Little boy

I've got a foothold on the shore  
A toe in the water  
And I'm gonna let go  
When I'm older  
Still I'm playing with words and aspirations  
Just laughing at it all

Like a little boy  
Little boy in my heart  
Little boy  
Little boy in my heart  
Bring me over to your side  
We'll run in the woods for awhile  
Little boy  
Little boy

Little boy ...
