The ice is breaking at last on the water I'm so taken with it all by the lakeside Still that burning's inside

Like a little boy
Little boy
Little boy in my heart
Little boy
Little boy in my heart
Bring me over to your side
We'll run in the woods for awhile
Little boy
Little boy

I've got a foothold on the shore
A toe in the water
And I'm gonna let go
When I'm older
Still I'm playing with words and aspirations
Just laughing at it all

Like a little boy
Little boy in my heart
Little boy
Little boy in my heart
Bring me over to your side
We'll run in the woods for awhile
Little boy
Little boy

Little boy ...
