

# Throw Your Arms Around Me

Luka Bloom

I will come for you at nighttime  
I will raise you from your sleep  
I will kiss you in four places  
And go running along your street

I'll squeeze the life out of you  
You will make me laugh and make me cry  
We will never forget it  
You will make me call your name  
And I'll shout it to the blue summer sky

We may never meet again  
So she'd your skin and let's get started  
You will throw your arms around me  
You will throw your arms around me

I dreamed of you at nighttime  
I watched you in your sleep  
I met you in high places  
I touched your head and I touched your feet

So if you disappear out of view  
You know, I'll never say goodbye  
I will try to forget it  
You will make me call your name  
And I'll shout it to the blue summer sky

We may never meet again  
So she'd your skin and let's get started  
You will throw your arms around me  
You will throw your arms around me
