

Wishing On A Star

Luka Bloom

I'm wishing on a star
To follow where you are
I'm wishing on a dream
To follow what it means.

And I wish on every rainbow
That I've ever seen
I'm wishing on the people
Who really dream
I'm wishing on tomorrow
Should it ever come
I'm wishing on the loving
We have ever done.

I never thought I'd see
A time when you would be
So far away from home
So far away from me.

I think of all the moments
That we spent
I just can't let you go
For me you were meant
I didn't mean to hurt you
But I know
That in the game of love
You reap what you sow.

I think it's time we should make up
I think it's time we should get back together
Make the best of things
Whether or never make the best of things

I'm wishing on a star
To follow where you are
I'm wishing on a dream
To follow what it means.

I'm wishing on a star
I'm wishing on a star
