

# Spring Break-Up

Luke Bryan

It was the last night at the Holiday Inn  
There was a fire on the beach  
I was trying to talk to some other girl  
And she was bird-dogging me  
I finally had enough  
I pulled over to the side  
Brushed her hair back and looked her straight in the eye

It was a spring break-up,  
Baby don't cry,  
You ain't from here and neither am I  
We got a little drunk  
And had a good time  
Now it's a spring break-up  
Baby bye bye  
Bye bye bye bye  
Baby bye bye  
Bye bye bye bye

No I don't need your number  
Don't want to be your Facebook friend  
I hate to break it to ya  
But you won't ever see me again  
If I'm a bad guy, well I don't mean to be  
But there's a beach full of buddies  
Acting just like me

Spring break-up,  
Baby don't cry,  
You ain't from here and neither am I  
We got a little drunk  
And had a good time  
Now it's a spring break-up  
Baby bye bye

Bye bye to the night that we shared  
The memories we made on that ol' beach chair  
So long to the beer in that kiss  
Hope it don't take you long to get over this...

Spring break-up,  
Baby don't cry,  
You ain't from here and neither am I  
I know we got a little drunk  
And had a good time  
Now it's a spring break-up

Spring break-up,  
Baby don't cry,  
You ain't from here and neither am I  
We got a little drunk  
And we had a good time  
Now it's a spring break-up  
Baby bye bye  
Bye bye bye bye  
Baby bye bye  
Bye bye bye bye

Baby bye bye  
Bye bye bye bye  
Baby bye bye  
Bye bye bye bye
