

## Air to Breathe

Lumidee

You know exactly what to say  
When I'm tryin' to get my way  
You know exactly what to do  
To shut up my point of view.

Me bein' happy just feels strange  
And I can see it in your face  
It bothers you to see me smile  
I guess you'd rather see me die.

It's hard enough to ease the pain  
When you're not willin' to change  
Placin' all the blame on my  
So hard to find the air to breathe.

It's somethin' that just gets inside  
Of me that I can't even hide  
It's breakin' me down piece by piece  
How could you make me feel so weak?

I can't remember what's in love  
'Cause me and you know that's not us  
There ain't no kisses or no hugs  
So what's the point we dun' gave up?

Why?  
When I touch you, you push me aside  
Feelin' that you don't wanna try  
Any kind of love you deny.
