

Going Home

Luna

I've seen her face
In those scented magazines
All is forgivin'
I love her still
And we're home, home
Goin' home

The chrysler building
Was talkin' to the empire state
The twin towers
Were talkin' to each other
Sayin' all is forgivin'
I love you still
And we're home, home
Goin' home

What she saw in him
Nobody knew
It's a mystery
What she saw in him
Nobody could tell
Now it's history
All is forgivin'
I love her still

And we're home, home
Goin' home
And we're home, home
Goin' home
And we're home, home
Goin' home
