

Great Jones Street

Luna

Up on the roof
It's almost dawn
See the water towers
Look so forlorn
They've got no reason
To feel that way

Night turn to day
Let's get away
It's another day

Let's get away
It's another day

We'll go somewhere
We've never been
Time's runnin' out
We'll start again
What's round the bend
I just can't say

Night turn to day
Let's get away
It's another day

Let's get away
It's another day
