

## Great Jones Street

Luna

Up on the roof  
It's almost dawn  
See the water towers  
Look so forlorn  
They've got no reason  
To feel that way

Night turn to day  
Let's get away  
It's another day

Let's get away  
It's another day

We'll go somewhere  
We've never been  
Time's runnin' out  
We'll start again  
What's round the bend  
I just can't say

Night turn to day  
Let's get away  
It's another day

Let's get away  
It's another day
