

It's Bringing You Down

Luna

The speed that you're takin'
Is slowin' you down
You said you were leavin'
But you're stickin' around
I 'member you fallin'
Fallin' flat on your face
Bloodstains on snowflakes
What a terrible place

Do you feel this pleasure
So quit your complaining
Can't wait forever
So get on with it please
Thanks for a flame
That will never expire
Can't wait forever
Get on with it please
I'm tired of talkin'
I'll know what they'll say to me

You don't know the difference between work and play
I say thanks for the flame that will never expire
You can't wait forever
Get on with it please
