

## Roll In The Sand

Luna

Well he fell from the skies  
With a sense he devised  
And he dropped out of school  
With his evil sunglasses  
And the desert he crossed  
Was a picture to see  
Roll in the sand  
He had it all in his hand  
(chorus)  
You're gonna live forever  
We can see you roll in the sand  
He was a bungling thief  
Turning fiction to fact  
And back at the hill  
They want him to act  
(chorus)
