Straight Up

Lost in a dream I don't know which way to go If you are all that you seem Then baby, I'm movin' way too slow

I've been fooled before Wouldn't like to get my love Caught in the slammin' door How about some information, please?

Straight up, now tell me Do you really wanna love me forever Or am I caught in a hit and run?

Straight up, now tell me Is it gonna be you and me together Or are you just havin' fun?

Time is standing still Waiting for some small clue I keep getting chills When I think your love is true

I've been fooled before Wouldn't like to get my love Caught in the slammin' door How about some information, please?

Straight up, now tell me Do you really wanna love me forever Or am I caught in a hit and run?

Straight up, now tell me Is it gonna be me and you together Are you only havin' fun?

You are so hard to read You play hide and seek With your true intentions If you're only playin' games I'll just have to say goodbye

Do, do you love me? Do, do you love me? Do, do you love me? Do, do you love me?

I've been fooled before Wouldn't like to get my love Caught in the slammin' door Are you more than hot for me Or am I a page in your history book?

I don't mean to make demands But the word and the deed go hand in hand How about some information, please? Straight up, now tell me Straight up, now tell me Straight up, now tell me Straight up, now tell me

Straight up, now tell me Do you really wanna love me forever Or am I caught in a hit and run?

Straight up, now tell me Is it gonna be you and me together Are you just havin' fun?

Straight up, now tell me If you really wanna love me forever
